

KURT KUNDE PARSES AWAY

Young Vineyardist of Wildwood A Victim of Paralysis.

Kurt Kunde, son of Louis Kunde of Wildwood, Vineyards, Kenwood, died last Thursday night after an illness of three months during which time he was paralyzed. When a young boy, Kunde had a serious illness which left his heart weak. He suffered off and on from this weakness and last winter had the "flu". Despite all this, a naturally magnificent constitution resisted the inroads on his health until a paralytic stroke laid him low. The attack is thought to have been brought on by over exertion during a trip down South when his automobile became stalled on a mountain pass and he worked on it several hours in extreme weather. He never rallied from the stroke and physicians were unable to revive him. Young Kunde was a splendid young man and his death is a sad blow to his parents, young bride, brother Arthur, and his sisters. He also leaves a nine months old baby girl. Kunde's wedding was performed at the Judge Justi home just a few years ago and it was little thought at that time that the happiness of the young man would be of this short duration. Deceased was a native of Mark West, and his remains were laid to rest at Santa Rosa beside the brother who was killed by being run down by an automobile some years ago. The Kunde family have the sympathy of many friends in their bereavement.

SOLEMN RITES OF O. E. S. AT FUNERAL SUNDAY

Mrs. Percy Law, formerly of Auburn but who died at her Sonoma Vista home here last week was buried with all the solemn rites of the Order of Eastern Star last Sunday. There were services at the house and also in Mountain Cemetery where the beloved wife and sister was laid to rest. The singing and ritual were very beautiful.

Chas. McDevitt and Joe Andrieux came through a 7 mile blizzard at Summit to get home for Thanksgiving Day.

GALA NIGHT AT NATIVE DAUGHTERS

Official Visit, Initiation, Shower For Bride and Banquet Make Last Meeting A Memorable One.

Sonoma Parlor, Native Daughters of the Golden West, had a memorable pre-Thanksgiving meeting last Monday night for it was the occasion of an official visit from the Grand President Mary E. Bell of San Francisco, the initiation of Mrs. James Weyl into the Order, a shower for the Parlor's president, Mrs. Amy Drake, a recent bride, and a banquet in honor of the visitors and guests of honor. Besides Grand President Bell, other visitors included Past Grand President Hill of San Francisco and District Deputy Veda Voller of Marinette Parlor, San Francisco. The lodge rooms were tastefully decorated in red berries, and after the initiation of Mrs. Weyl and other ceremonies, the festive shower for the Parlor's president, Mrs. Amy Drake of Calistoga, was a feature.

Mrs. Drake was the recipient of many lovely gifts including silver, cut glass, linen and aluminum which she acknowledged in a pretty worded speech. The merry company then proceeded to the banquet hall where a regular Thanksgiving spread was partaken of at tables artistically decorated with chrysanthemums. Turkey, cranberry sauce, pumpkin pie and all the time honored goodies had been prepared by the banquet committee and the feast was much commended by the members and visitors.

The work of the Order as exemplified by Sonoma Parlor's efficient corps of officers was highly commended by the Grand President and our fair Native Daughters rounding out a year of marked success and growing membership, have reason to be very proud of the local lodge.

Flames Fanned By Worst Wind Storm In Years Sweep Loveall and Wood Valleys Wednesday Night

HOUSES AND BARNs DESTROYED. SETTLERS FLEE AT MIDNIGHT AND FIRE FIGHTERS BATTLE TO SAVE BUENA VISTA CASTLE AND MANY OTHER HOUSES. REFUGEES COME TO TOWN. MANY NARROW ESCAPES REPORTED

A disastrous fire, fanned by one of the worst wind storms ever experienced in Sonoma Valley, swept the Loveall and Wood Valley country back of Buena Vista Wednesday night and Thursday. The fire, said to have started in the St. Helena section, broke out in the thick brush and dry grass about night fall and was soon raging in the valleys and canyons east of town.

Settlers in the path of the fire were almost powerless to check the wall of flames which leaped incredible distances as the wind grew fiercer in velocity and continued throughout the night. Help was summoned and many auto loads of volunteer fire fighters went to the fire zone and fought back the flame from endangered homes. Despite heroic efforts the Steek, Fullmer and other places were destroyed together with stock and implements, Steek's family fleeing to Buena Vista on foot at midnight.

Three barns belonging to Ahlf, Blair and Kiefer were also consumed by the flames and it was with difficulty that the houses on these ranches were saved.

In Lovell valley five houses, the Vigme barn with 7 ton of hay and also the Thos. Webb barn and hay stacks burned. The Rosemond, Pastoli, Geigner and other places went. Wide spread destruction occurred further back in the Lovell country, much wood and many cabins being

consumed by the hungry flames. Almost every place with the exception of the Larsen home suffered. Mr. Larsen lost much wood and many implements.

In the vicinity of the Buena Vista Castle owned by A. Cailleaud the fire became very menacing just before midnight and every available employee and the Cailleaud family assisted by J. F. Prestwood and sons battled the flames. Mrs. Cailleaud, her daughter, Mrs. Rodney Prestwood, and baby came to Sonoma for safety. The fire burned to the very edge of the spacious lawns and although combatted with an ample water supply destroyed a barn and garage. The cars were saved.

The Cailleaud water supply finally gave out and it was found that the fire had burned its way through the bottom of the big tank, fortunately after the fire demon had been vanquished.

The Waltz, Tracy, Ayres and other homes are reported completely destroyed. The tower ranch burned over some years ago was not damaged. The Dresel and Bundschu places were menaced and were saved only after vigorous effort by the fire fighters Thursday morning. The Lowell and Coops ranches were also in danger. Refugees who lost everything were cared for here in Sonoma by the Red Cross. Mr. and Mrs. F. Steek and little son escaped with only the clothes on their backs and

lost much valuable stock including goats, rabbits, turkeys and chickens. James Arnold's woodchoppers cabin was destroyed and Arnold and his wife were rescued with difficulty. They escaped in their bare feet.

Many miraculous escapes are reported. Among them the thrilling experience of Mrs. Kairst and three children who were alone, Mr. Kairst being in San Francisco. Walled in by the flames they protected their little home not a blade of grass thereon being so much as ignited.

Mr. Peterson, a bachelor of the Wood Valley, stood his ground also and saved his own and neighboring places during the night.

Women and children huddled together at the Vigme place prepared to flee but the heroic work of fire men, among whom was Mr. Burdick, bookkeeper for F. Duhring who resides in the vicinity, conquered the threatened destruction of homes in that neighborhood.

The windstorm did widespread damage all over the Sonoma Valley. The telephone and light company found countless poles demolished and lines were out all Thursday. Barns fencing and giant trees were laid low by the gale and roofs and windows destroyed. A big tree fell across the garage on the Snyder ranch, smashing in the roof and damaging Ben Pinder's fine Studebaker car.

Additional reports of damage from this terrific windstorm continue to come in.

WEDDING BELLS RING OUT JOYFULLY

Thanksgiving Season Chosen For Several Pretty Weddings of Sonoma Valley Favorites.

The Thanksgiving season was chosen for the weddings of several popular couples, well and favorably known throughout Sonoma Valley.

In San Francisco on Monday at 4:30 Frederick Ring, a young hero of the recent war, and son of Mr. and Mrs. Ring of the Arrowhead ranch, claimed as his bride Miss Wilma Bailey, pretty niece of Mrs. Z. Lane of this place. The wedding was the termination of a romance in the Valley of the Moon where fate decreed the young soldier home from France should woo and win a fair daughter of the state of Montana, on a visit to her Sonoma relatives. Miss Bailey went back to Montana this summer after giving her promise to Mr. Ring, and after preparing for her wedding returned to California for the pretty ceremony Monday which united the two young lives.

The bride and groom came to Sonoma for Thanksgiving and were given an informal reception upon their arrival.

They will reside here on the Turner ranch at Schellville, recently purchased by Mr. Ring's uncle, John Brendel of Santa Rosa.

At high noon on Thanksgiving day Miss Eleanor Kehoe became the bride of Dr. J. S. Arbura at an impressive marriage ceremony in St. Mary's cathedral, San Francisco. Rev. J. F. Byrne officiated. Miss Kehoe was attended by her cousin, Miss Catherine Gallagher of Nicasio. Frank Arbura of Los Banos, a brother of the groom, was best man. Miss Kehoe was a beautiful bride in her becoming gown of taupe shades and the handsome couple were heartily congratulated as they came from the altar.

Dr. and Mrs. Arbura will reside at Haywards where the groom is in the veterinarian business.

Eldridge was again aflutter the past week for Cupid is still busy at the State Home and his latest captives are Edward Gallagher, popular druggist of the Institution, and Miss McIntyre, efficient nurse, who were married at Santa Rosa the first of the week. Mr. and Mrs. Gallagher are being heartily congratulated.

CARD OF THANKS

The relatives of the late Joseph Crivelli hereby thank the many kind friends who offered their assistance and sympathy during his last illness and at his death. They also wish to express their appreciation of the floral offerings and words of condolence at the funeral of deceased.

Signed: Mr. and Mrs. J. Crivelli and family.

Mrs. L. Quartaroli of the El Dorado Hotel has been in San Francisco consulting a specialist and an operation has been advised. The many friends of Mrs. Quartaroli hope she will find relief and complete recovery through the operation.

DEATH TAKES OLD RESIDENT

Albert Kiser Who Made Home in Valley For 40 Years Died Last Monday.

Albert Kiser, an old and esteemed resident of Sonoma Valley for over forty years, passed away at Burke's Sanitarium last Monday after an illness of long duration. He was a sufferer from kidney trouble and went to the sanitarium in hopes that he might get some relief, but the malady was in an advanced stage and nothing could be done to save him. His death did not come as a surprise to his relatives but the sad news of his passing away was none the less sorrowfully received by his family and many friends.

Albert Kiser was a native of Switzerland, where he was born in 1863. He came to Sonoma Valley on the old Steamer "Sonoma" landing at a wharf at what is now McGill's, when a boy 14 years of age and through industry, honest dealing and frugality, became a successful and prosperous farmer and dairyman. He was a good neighbor and friend. Two brothers, Conrad and Nick, and two sisters, Mrs. Agnes Miller and Mrs. Tillie Jakober, survive him.

The funeral took place Wednesday morning and was largely attended. There were services at St. Francis church which Father Byrne conducted most impressively. Interment was in Catholic cemetery.

FINE PROGRAM FOR SOKOLAY RECITAL

The Song Recital by Mr. Sokalay, dramatic tenor, to be given under the auspices of the Womens Club a week from Tuesday night will afford music lovers a rare opportunity to hear an exceptionally fine program. Mr. Sokalay will be assisted by Miss Emilie Poppe who will play his accompaniments and also give two brilliant piano numbers. A duet by the two talented musicians is also on the program.

Mr. Sokalay has studied with some of the best teachers of Europe and America and is experienced in operatic and concert work. Some years ago he gave up his professional career and gave little time to practice but the week of preparation for the coming concert have brought out all the rich dramatic quality of his naturally fine voice and he will be heard to great advantage in the following numbers:

Program
To the Evening Star Wagner
Calm as the Night Bohm
Song of the Soul Breil
Rustle of Spring Sinding
Miss Poppe

As an encore Sokalay has promised to sing the famous Mamma Mia which created such a furore when sung recently by Ciccolini in San Francisco.

GRAVENSTEIN APPLE LEAVES FIND MARKET

A new product of the Gold Ridge section has, but recently come into demand, the Gravenstein apple leaf. E. O. Nelson, local director of the Sonoma County Farm Bureau, has been shipping leaves for some time to a firm in the San Joaquin Valley. The leaves are pruned from the trees and gathered by women who sack them. To date Mr. Nelson has shipped 400 pounds of leaves. Just what they are being used for seems to be kept a secret by the purchasers. —Sebastopol Times

A Blind Editor Sees The Truth

A BLIND EDITOR, B. F. Irvine of the Oregon Journal, Portland, is not blind to the great truth concerning conditions about him and has ably set forth his introspection in the following address, delivered by him at the recent meeting of the California Press Association in San Francisco. His talk was entitled "Thrift" but does not half convey the richness of thought nor concise grasp which this keen thinker has on the present situation in this country. Said Mr. Irvine:

"It is doubtful if America has ever been confronted with conditions so precarious. There never was a psychology so extraordinary. Expenditures are terrific. The people are on a mad financial spree. Normal business principles are dead. Thoughts of thrift are forgotten. A man's hat at \$20 has become a commonplace. Portland dealers placed them on sale and the supply was exhausted. The dealers were plunged into wonderment and awe. They are now buying hats that will be sold at \$25 and \$30.

Nothing is stable. New York manufacturers and jobbers no longer quote prices of goods on future delivery. They tell you the price now and say that the price on future orders will be controlled by the then market. Meanwhile, operatives in the factories demand higher and higher wages and operators grant them. Operators have found that any price asked will be paid, and the advanced wage is granted and added with increased profit to the price at which the goods go to the retailer. The public comes along and pays whatever is asked.

And so the pyramiding goes on. People were excited during the war. In many ways they are crazy now. They never saw so much money spent before, never saw it spent so lavishly, never saw it come and go so easily.

All have forgotten that it was government money that fed the shipyards, the munition factories, the machine works, the spruce camps and all the other great works of production. In all the history of the world money was never poured into industry with such prodigal hand.

The spirit of those days has become epidemic. Though the great supply source that the government maintained during hostilities is cut off, the spending goes on. It is without end or shape or limit. The shipworker's \$1200 automobile, and Milady's \$2000 fur, the housemaid's \$150 tailor suit, the stenographer's \$200 coat, a woman's hand-bag at \$250, a lady's gown displayed in a San Francisco shop window at the price of a house and lot. These are parts of the long array of lavishness in this extravagance of expenditure.

People seem crazed with the notion that any extravagant thing, any prodigal purchase, any figure of wage, any measure of profit is obtainable. Do you realize what have habits of unthrift are working in America? In Portland in 1918, with an increase of 47,000 in population, we built 266 dwelling houses. We bought 6300 automobiles. We spent something over half a million for houses; more than ten million for automobiles. The mortgage indebtedness placed on homes for the purchase of automobiles was \$7,000,000.

Listen: Sixty six out of every hundred persons who die in the United States leave no estate whatever, and of the remaining thirty four only nine leave estates larger than \$5000. At the age of 65, ninety-seven out of every hundred persons in America are partially or wholly dependent upon relatives, friends or the public for their daily bread, for their clothing and for a roof under which to sleep. Ninety eight per cent of the American people are living from day to day on their wages, and a loss of employment would mean pauperism for all but two per cent.

Fewer than 6,000,000 American families own their own homes, 2,000,000 are carrying mortgages, and 11,000,000 are renters. Every seven years one-third of the population of the city of New York applies for charity. One person in every ten who dies in our large cities is buried in a pauper's grave.

These figures are from Government statistics. They are a terrifying story of poverty. Surgeon General Gorgas, who made the Canal Zone habitable, said in a public address: "Physicians have located the great cause of general ill health in poverty." Poverty is here directly attributable by an eminent authority to the great American habit of unthrift.

Poverty means dirt. Cleanliness is a luxury. It demands leisure peace of mind, hot water, soap, bath tub and good plumbing. The very poor cannot be clean, and filth and dirt mean ill health, consumption and a pauper's grave.

Teach the people thrift. Teach them to lay aside a part of their savings. Teach them to have a thought of the morrow. Teach them to eschew \$25 hats, \$20 shoes and \$200 coats off wages that cannot warrant these things.

Teach them not to be spendthrifts and wasters for the ultimate lot of the spendthrift and the waster is to be at 65 years of age one of that 97 out of every 100, in part or in whole, dependent upon kindred, friends or the public for the bread they eat, for the clothing they wear, for the roof under which they find shelter. Poverty is ignorance, and ignorance is poverty. They are twin calamities. They mean poverty handed down from father to son. Combined they mean crime and criminality. Go to the penitentiaries and there study the inmates. There you will find the havoc that ignorance and poverty work upon mankind.

Poverty peoples the pauper asylums, the poor houses, the insane asylums, the houses of correction, the reformatories and other places of public detention.

More than 8,500,000 people, over ten years of age in America, cannot read the daily newspaper. There is still with us the astounding 24.6 per cent of American drafted men in the late war who were illiterate. There is the climax in the terrifying story of the illiterate young men between 21 and 31 all directly attributable to the destructive habit of non-thrift in America.

Lack of thrift is the blight of children. Statistics from the health bureau in the city of Portland are that 5,000 out of 40,000 school children go to school without having enough to eat. This is in a city with a per capita wealth exceeding by but one or two cities in America. The facts are confirmed by statistics from health bureaus in other large cities. A starved body produces a starved brain. It destroys the power to struggle. It undermines the ability to think. It kills the power of initiative. It stunts lives and hurries on ill health. The insufficiently nourished child has not the strength to resist disease.

We have here from our lack of thrift in America these things:
1st. Ill health, wasting disease, and a grave in the potter's field.
2nd. Stunted lives, inefficient men, lack of initiative, failure and a growing army of the submerged, which more and more increases ferment and social detention.
3rd. Increased numbers of penitentiaries, pauper asylums, poor farms, insane asylums, houses of correction, reformatories and other places of public detention.

And to these we may add the report of the Illinois Survey which declares that the chief cause of immorality among women is poverty and its ally, ignorance. That Survey found that 76 per cent of fallen girls had not passed the grammar grade in schools because of poverty, and that there was a very low per cent of immorality among high school and college girls.

Here we have directly traceable to the one great cause, viz., lack of thrift, the chief danger that besets America to-day. Lack of thrift with its attendant products of poverty and ignorance give us an army of disappointed, discouraged and dependent men and women. If there is to be any progress, first we must have the tables.

thought is to find fault with the Government and the country. They are fit and fertile subjects for the I. W. W., the Bolshevik, the agitator and the demagogue.

There is only one movement in America to encourage thrift. It is the Government's plan for the sale of Thrift and War Savings Stamps and Treasury Savings Certificates. There is no nobler endeavor. It stimulates the individual to have a solisteude about the future. It makes the citizen who owns War Saving Stamps or Certificates a partner in the Government, makes him a part owner in his country, it gives him a new interest in the flag.

Thrift enables families to own their own homes. Russia joined Bolshevism because her people were landless. Germany resisted Bolshevism because her farm tenantry is at the vanishing point. Nobody ever heard of any threat of Sovietism among the thrifty people of Denmark, Holland and Belgium. Men never plot against their own homes. They explode no bombs on their own hearthstones. The greatest antidote against the mad illusions and wild hallucinations which dreamers are seeking to import from Europe and transplant in America is that thrift which will stimulate home ownership and lift the uneducated out of ignorance.

WHAT PETALUMA SAID OF BASKETBALL GAME

There was "some" basketball game at the rink Friday night.

Sonoma won the 130-lb game but the Petaluma High School did not give it away. Sonoma had to fight for all that she received. Her men were not really 130-pounders, but were the Freshmen team. Sonoma surely has some freshmen. The score was 26 to 19. All of the Petaluma team did good playing and the game was fairly won.

The Petaluma Grammar School

team played a pick-up team from Sonoma and were defeated, 26 to 20.

The unlimited team of the Petaluma High School did excellent playing. They desired revenge for the first defeat and they secured it by defeating Sonoma 66 to 25. The Petaluma team did excellent team work and the forwards were simply "Whizzes". The team feel delighted and are looking forward to the game next Friday.

After the game the Petaluma boys treated the Sonoma bunch to sandwiches made by the cooking department for that purpose. —Pet. Argus

BASKETBALL, PETALUMA VS. SONOMA

On Friday evening, November 21, three Sonoma basketball teams went over to Petaluma to play the first preliminary games of the season.

Many school students were present as rooters and certainly gave the boys luck.

The first game played was between the Sonoma Freshmen and the 130lb team of Petaluma made up of Freshmen, Juniors and Seniors of the Petaluma High School.

The line up was as follows:

Sonoma. Guard Rabinowitz, guard Bigelow and Poppe; center, Bosch and Bigelow; forward, Prestwood and Franquelin, forward Stockwell.

Petaluma 130lb team. Guard, Horn; guard, Bibal; center, Haskell; forward, Hopkins; forward, Bucket.

1st. Half 9 10
Finish 19 27

Referee, Mr. Peters.

Early in the game Franquelin took the place of Prestwood, who was put out by request of referee. Bosch was put out in second half on account of weight. Bigelow took Bosch's place and Poppe took Bigelow's place as guard.

The second game was that of a pick-up team or All Stars against a team of the Washington Grammar School of Petaluma. This was a very interesting and exciting game, and was enjoyed by everyone present.

The lineup was as follows:

Sonoma guard Lasher
Steiner guard McKay
Batto center Stew
Ring forward Robertson
Wirtz forward Harter
Palmer forward

1st. Half 9 12
Finish 25 26

Referee, Edgar Clements.

The third game played by the unlimited teams was not quite as good, from our point of view, as the others, as most of Sonoma's men had practised but little and they stood little show against a team as strong as that of Petaluma High.

Sonoma's boys promise to win the next game or die in the attempt. Let's hope Sonoma wins.

The lineup was:

Sonoma guard Shilling
Schell guard Gray
Chauvet center Burbank
Prestwood forward Chandler
Benjamin forward Hoffman
Petaluma 13 18
Finish 65 25

Referee Edgar Clements.

KLEIN'S ESTATE HAS \$18,000 ANNUAL INCOME

Francis Klein, one of the proprietors of Boyes Springs, who died in San Francisco November 17, left an estate bringing in an annual income of about \$18,000, according to the will and petition for its probate which were filed this week in the superior court by Mrs. Mattie Klein, the widow.

The will was dated July 29, 1919, and Mrs. Klein was named sole legatee and executrix. The subscribing witnesses were J. H. Bohlig and Lotta Bohlig of San Francisco.

Other relatives of Francis Klein are Henry Klein of Napa, William and Charles Klein of New York; Lillie Klein of Atlanta, Pa., a half-sister, and a son and daughter whose names are unknown, of Ed Klein, another brother who is dead.

The lawyer named in the will is Alfred Voyce of San Francisco.

The property of the estate is valued "in excess of \$10,000," the petition says, but does not state the amount of excess. The petition mentions property at Boyes Springs, 35,000 shares of stock in a corporation, an apartment house at Corona, and ten acres of land at Progresso, Dade county, Florida.

FINE PLAY COMING TO CLINE THEATRE MONDAY NIGHT

Francis X. Bushman and Beverly Bayne back to the legitimate stage under the management of Oliver Morosco.

Now that the insatiable greed for gold has been satisfied, many of the noted legitimate actors of the stage are returning to their love after a more or less successful sojourn among the cameras.

The latest in this line is our own Oliver Morosco, who offers the patte of the Cline theatre, Monday night Dec. 1, of Francis X. Bushman and Beverly Bayne in what is said to be a most fascinating mystery play entitled "The Master Thief" by Edward E. Ross from the story by Richard Washburn Child. A production of some magnitude is promised and Mr. Morosco has surrounded these stars of the film world with a notable Morosco cast which includes, Frank E. Camp, Harry E. McKee, Fritz Adams, Grace Peters, Kate Pier Roemer, Florence Joyce, Jas. H. Morrison, Harry English, Harry Lyons, W. D. Wynn, Myron Z. Paulson and Louise Frohoff.

The play itself is one of those gripping mysterious plots that slowly unravels and in the end, surprises the auditor with its unexpected revelations. Seat sale Friday, Nov. 28 10 a. m. Prices 50c, 75c, \$1.00, 1.50, and 2.00.

OFFICIAL REPORT

On Saturday evening, Nov. 22nd the American Legion gave a banquet at the famous Cucci hotel. The banquet was given to bring together all the men who had been in the service. The Sonoma Post, No. 20 was organized. The charter was applied for by the following men, Allen M. Thomson, Paul E. Thomson, Ren A. Vernon, Oscar A. Studley, F. W. Ring, Hamil O. Wagon, Ralph W. Ring, Newton F. Dal Pogetto, Walter C. Stuermer, Arthur F. Carmer, Ray A. Gottenberg, F. Dal Porto, Geo. F. Vincent, H. A. Fiscus and Henry A. Heuer.

Frank W. Bruhn and R. B. Hayes came from headquarters in San Francisco to organize the Post. Mr. Bruhn acted as temporary chairman. Mr. Ralph W. Ring was unanimously elected president, L. L. Stenquist was elected first vice president, William J. Sutter second vice president, and Newton Dal Pogetto third vice president. Hamil Wagon was elected secretary and treasurer.

Frank W. Bruhn gave a fine talk on the ideals that the organization stands for. He made it plain that the U. S. had no room for men that do such deeds as were done in Centralia, Washington. The organization is opposed to the I. W. W. and the Bolsheviks, also all red propaganda.

It stands for the maintenance of law and order. In the preamble to the constitution of the order it states definitely that the organization stands behind the Constitution of the U. S. and the fostering of Americanism.

The meeting broke up at a late hour. Everyone went home highly satisfied with the work accomplished. The banquet served by the hotel was delicious. The Sonoma post has thirty-four

OLD SWITZER RANCH AGAIN CHANGES HANDS

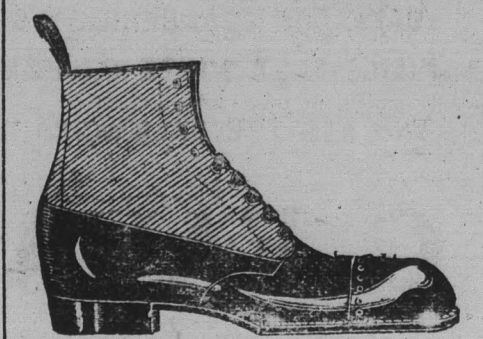

The 88 acre ranch, known as the old Switzer ranch, south-east of town owned for some time by Aubrey Barham and Al Stein who have been residing there for several months, has again changed hands. The new owner is C. Poncio, a well known dairyman of the Tomales section who will conduct the ranch as a model dairy and come here to reside with his family.

The Barham-Stein families are looking for a house in town where Mr. Stein can be near his business.

Norman Baines, son of Mr. and Mrs. Tom Baines of El Verano, was on the committee for the launching of the California last week. Norman is employed at the Navy Yard and is a popular employee.

THE UNIVERSAL CAR

There are more than 3,000,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand; likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you want one.

FIRE ENDANGERS SONOMA VISTA, 'CHEMICAL' TO RESCUE

The burning of stubble along the creek near Boyes Springs, Tuesday night, caused a fire which spread to dry grass and shrubbery back of the Boynton ranch, causing a good sized conflagration which threatened Sonoma Vista and its many pretty homes. The "Little Red Devil" chemical engine from Boyes Springs responded to the alarm and Chief Cause assisted by a valorous crew of fire fighters went to the scene and fought the stubborn blaze from 5 o'clock until 6, with 60 gallons of chemical, but between 10 o'clock and midnight the fire fighting brigade were called out again and this time subdued the conflagration.

The people of Boyes Springs say there is nothing like having a "Devil" in your own home town.

RALPH RING HEADS LEGION

Elected President of Sonoma Post No 120, At Banquet Last Saturday Evening.

At a congenial gathering of young war veterans at the Toscano Hotel last Saturday night, where a banquet was held by the boys home from war, Sonoma Post No. 120, American Legion, was organized. About thirty were present and they elected Ralph D. Ring, president, L. L. Stenquist, First Vice President, Wm. Sutter Second Vice President, Newton Dal Poggetto, Third Vice President, Hamil Wagon, Secretary. Many more members are expected to join.

The banquet served by mine host Cucci was par-excellence and especially the ravioli and cream cake. The boys were all in fine spirits and had a party which made camp fare look like vin ordinaire alongside of Ponet Canet.

Speechmaking and rapid-fire repartee were interspersed between courses.

The American Legion of Sonoma may take the Yenni building for club rooms and they also plan to give a dance and another banquet before long.

Misses Marie and Myrtle Minkel were honored for the holidays, accompanied by friends and all enjoyed a fine turkey dinner.

The children of Mr. and Mrs. Maurice Power of San Francisco have been down with scarlet fever. The children are great favorites here and Sonoma friends hope for their speedy recovery.

CASTORIA

Sonoma people are astonished at the quick results produced by simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. In one case of weak and near-sighted eyes a few days use brought great improvement. In another case it stopped eye pains and inflammation. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. Sold by James McElney, Druggist.

DILATORY CONGRESS CAUSES WINEMEN UNEASINESS

Non-action on the part of Congress relatives to the peace treaty has caused considerable uneasiness among winemen. The 1919 vintage could be moved now if the war-time prohibition ban was off and between now and January 16, next, several million gallons of wine made in California could be shipped out and disposed of. The best that can be expected now is that the Supreme Court of the United States will give a decision on the wartime prohibition when it reconvenes on Monday, December 8. Northern Sonoma winemen say this year's vintage is one of the best in many years. If they can move it good prices are sure to be obtained. On the other hand, if there should be no "wet" spell between now and January 16, they will be left with the season's output in their cellars. Their only hope then is that they may be permitted to dispose of it for scientific, sacramental or medicinal purposes, which will be found a slow process of moving millions of gallons of the red and white used from time immemorial for beverage purposes. Cloverdale Reville.

Myra Van Amringe, ten year old daughter of Dr. Van Amringe, local dentist, was bitten by a pet dog in Geyserville recently. Myra went to her pet's assistance after he was run over by an auto. He turned on her in his pain. The wound made by the canine's teeth was not serious but the dog later died from the auto accident.

ROBBERS SENT TO SAN QUENTIN

Connors and Slaton to "Do Time". Prisoner Plans Jail Break But Is Frustrated.

Geo. Connors and E. E. Slaton, who were sentenced to San Quentin and may have to do as much as 15 years time for their burglaries here in Sonoma, were taken to the big prison by Deputy Sheriff Boyes this week to start serving their sentence. Sisto the jitney driver of Vallejo who plead not guilty and claims he drove the taxi here and knew nothing of the thefts will be placed on trial shortly. Although stolen goods were found in his possession, he claims he took them for jitney hire and did not participate in the burglaries.

A plot to make a jail break and liberate all prisoners in the County jail before Thanksgiving day was worked out by Slaton during his incarceration at Santa Rosa. He had a heavy piece of pipe under one of several mattresses in his cell and said to have confided to another prisoner that he was going to "bean" the jailer.

Sheriff Peiray got wise to the plot and nipped it in the bud.

DAIRY MEETING AT BODEGA

There will be a general meeting of the dairymen of Sonoma County at Bodega on Wednesday, December 10th. The meeting will be called to order at 10:00 P. M. The judging of dairy cows and bulls will be demonstrated by Professor C. W. Rubel of the College of Agriculture at Berkeley. Dean H. E. Van Norman of the University Farm School at Davis, will be present to talk on some question pertaining to the dairy industry. Sam H. Greene is an accomplished talker and says something when he talks. This meeting will also serve as the organization meeting for the Dairy Department of the Sonoma County Farm Bureau. All dairymen, whether they are members of the Farm Bureau or not, are cordially invited to attend. Announcement will be made later regarding lunches and details of the program.

Chas. Potter was given a surprise party by his neighbors Thanksgiving eve, and everybody had a jolly time.

Mrs. M. E. Brown has returned from San Francisco for a visit with her daughter, Mrs. H. Bridges.

John Pluth is going to spend the holidays with his sister in Albion, Mendocino County and expects to remain until the middle of January.

ALLEGES ASSAULT WITH GUN

Chris Peterson, gardner at the State Home, has had Frank Uphold of San Francisco arrested for threatening him with a gun. Uphold was hunting on the Eldridge grounds and when ordered off by Peterson, is said to have brandished the weapon. He is in jail at Santa Rosa.

27,000,000 SMALL DEPOSITORS SAVE \$10,573,971,000

Report Made at the Bankers' Convention Develops Startling Figures.

St. Louis, Mo.—There are 27,000,000 savings bank depositors in the United States, according to figures published at the convention of the American Bankers' Association here. In compiling these figures the allowance made for duplications. Investigation by the bankers has proved that these savings bank depositors are, with few exceptions, people of small means, but they are the people who absorbed in large measure the war issues of government securities, Thrift and War Savings Stamps, Savings Certificates and Liberty Bonds AND ARE KEEPING THEM.

Not only did they buy and hold government securities, but those investments led to additional savings, consolidated the habit of thrift and increased bank deposits throughout the entire nation. These 27,000,000 depositors now own \$10,573,971,000 of savings. This is the money which has built up the railroads, municipalities homes and industries of the nation. These savings represent over twenty-six per cent of the total resources. These savers financed the war successfully, and on their continuation of the production of new capital through savings rests the solution for financing reconstruction and for the increase of production necessary to check the high cost of living, bankers agreed.

The government savings securities and Liberty Bonds offer ideal means for the production of this new capital in the opinion of progressive bankers. They are adapted for investment of all sums no matter how great or small. They are the safest security possible. They are profitable and readily convertible into cash should necessity arise. Their purchase not only aids in financing the government, but releases corresponding capital from the banks and financial institutions for expansion of industry and development of production.

The figures compiled by the Bankers' Association show that in the five-year period ending January 1 of this year, savings deposits in state banks increased 59.47 per cent; in mutual savings banks, 12.96 per cent; in stock savings banks, 33.04 per cent; in trust companies, 24.32 per cent, and in national banks, 118.36 per cent.

It also was announced that there were 35,000,000 policy holders in life insurance companies in the United States.
